

**LET'S PLAY**  
Recreation, Inc.

**Get to know our kid-friendly, eco-friendly and budget-friendly Safe Guard solutions.**

Let's Play Recreation, Inc., is dedicated to providing the best safe surface solutions available through our fun, innovative and durable Safe Guard products. From mulch, tiles, turf and stadium surfacing products to our innovative and customizable Poured-in-Place, you'll find our Safe Guard line of products to be the most kid-friendly, pet-friendly, eco-friendly and budget-friendly solutions around.

## **As limitless as your imagination**

Our Safe Guard surfacing products are available in a vibrant range of colors and designs that allow for unlimited creativity. Need to cover a playground? Want a safer workplace? A more durable infield, or brighter backyard? Let's Play Recreation can make any surface creative, safe and fun!

## **Committed to safety, durability, and the environment**

You can rest assured of our commitment to the safety and durability of your surface, as well as our dedication to the environment.

All of our surfacing solutions are made from the finest materials from around the world, 100% recycled from tires and other products whenever possible.

All of our products are non-staining, non-toxic and meet the highest standards of safety and satisfaction. They offer exceptional impact cushioning—but should someone fall, most surfaces contain Microban Anti Microbial Protection to help protect skinned knees or elbows!

And our surfaces are long-lasting, saving you time, money and maintenance. In fact, we're so confident in the quality and durability of all of our surfacing products, **we back our installations with a 5-year warranty.**

Contact us today at (800) 899-8703 or visit us online at [www.safeguardsurfacing.com](http://www.safeguardsurfacing.com) to learn more about any of our exceptional Safe Guard products:

### **Safe Guard PlayMulch**

Fast becoming the first choice in kid-friendly, eco-friendly protection—lasts for years.

### **Safe Guard Landscape Mulch**

The colorful, clean and eco-friendly solution. Lasts much longer than ordinary mulch.

### **Safe Guard Poured-in-Place**

Mixed and poured on site, it's the creative, customizable solution for a wide range of needs.

**Learn more.** Contact us and learn why we're renowned throughout the industry for providing innovative, long-lasting surfaces that add safety and play value to any area, from playgrounds and backyards to stadiums and equestrian fields. Call (800) 899-8703 today, or visit [www.safeguardsurfacing.com](http://www.safeguardsurfacing.com).

### **Safe Guard Tiles**

Resilient, slip-resistant and reduces impact—on people and the environment.

### **Safe Guard Turf**

Soft, safe—and green, too! Constructed of durable soft Monofilament fiber.

### **Safe Guard Stadiums**

For tracks, arenas, infields and more—this is the safe, sure-footed winner!
