

**Soft, safe,  
durable...  
and green, too!**

Safe Guard PlayGreen Grass is the soft, safe, eco-friendly solution to all of your turf needs. Whether you need to cover sports fields, playgrounds, golf greens, residential areas or other play areas, we have tested, long-lasting artificial grass solutions that save you time, money and precious water.

Our durable turf is made of strong Monofilament fiber that is environmentally friendly, free of heavy metals and far superior to turf made from Slit-Film material. And not all Monofilament is the same. We are proud of the long-lasting quality our turf provides and back its installation with a five-year guarantee!

- Resilient
- Constructed of soft Monofilament fiber
- Environmentally safe
- Ideal for fields, residential areas, golf greens and more
- Free of heavy metals
- Installation is backed by a 5-year guarantee
