

**Kid-friendly,
eco-friendly,
lasts for years**

If you're looking for a ground-breaking way to protect kids and our environment, then PlayMulch is for you. It's made of recycled tires that have been granulated, cleaned and designed for backyard playground use. Plus, it features Microban Anti Microbial Protection to guard from infections.

PlayMulch is fast becoming the first choice for commercial and backyard safety. It's safe, softer and more durable than sand or wood mulch—and colorful and fun too! It's non-toxic non-staining and won't attract insects. It's safe for kids and pets, and PlayMulch poured to just a 4 inches offers 8 foot fall protection!

- Will not blow or wash away
- Environmentally safe
- More durable than other protective products
- Vibrant, non-toxic, non-staining colors
- Microban Anti Microbial Protection
- Certified to comply with CPSC Standards, as well as ASTM and ADA guidelines
- Installation is backed by a 5-year guarantee
