

Landscape Mulch

The **colorful,**
clean and
eco-friendly
solution

Imagine a top-quality mulch that beautifies and protects your landscape year after year, without any additional effort from you. Landscape Mulch does just that and more. It's the vibrant, low-cost, high-performance rubber mulch that won't blow away, or discolor, and it can be added anywhere you need protective covering—planting beds and borders, landscapes, playground areas and more.

The benefits of Landscape Mulch are many. It saves time and money because of its durability. It's heavier and won't blow or wash away like other mulch. It won't attract termites and bugs like other products. And it boasts fun, vibrant colors that are non-toxic and non-staining. Better yet, Landscape Mulch is made from old tires that have been cleaned, shredded and recycled especially for landscaping. It's the clean, colorful, eco-friendly solution!

- No annual mulching—saves time and money!
- Environmentally safe
- More durable than other mulch products
- Vibrant, non-toxic, non-staining colors
- Doesn't attract insects
- Helps soil retain vital moisture
- Certified to comply with CPSC Standards, as well as ASTM and ADA guidelines
- Installation is backed by a 5-year guarantee
